

## WHAT YOU NEED:

- Paperboard
- A Print of the next page
- Glue
- Scissors with rounded tips

## TAG NAME CARDS

School started!

Here is my gift to you! Dei cartoncini da incollare sui Small cards where you can write your name and your class on and then stick on your notebooks. So you will never lose them!

But first you need to build them (with a little help from an adult).

This is what you have to do:

1. stick page 2 (or 3 depends on the color you like best) on a card (You can also use an empty cereal box always remember that recycling is important!)
2. crop the edges and paste each card on your notebooks
3. finally, when the glue is dry, you can write your name and your class on it.
