

## WHAT YOU NEED:

- sheet with the drawing of my character (pages 2 and 3)
- scissors with rounded tips
- attaches
- white cardboard
- glue

## BUILD MR. BRICK OPS

Hello children! Let me introduce myself: my name is Mr. Brick Ops, I am a new friend and will live with you many adventures.

To travel around the world I usually walk, but I can also fly up and down simply by blowing on the pinwheel I have on my hat.

Yesterday, a gust of wind, broke me into many pieces. I tried to put myself together again, but on my own I can not do that!

Can you please help me put the parts of my body together again?

Here is what you have to do:

1. Paste the paper with the drawing on the white card
2. cut out the various parts of my character
3. with the help of an adult hole the parts of my body at the indicated points
4. Last thing, put me together following numbers and using the attaches

Now I can finally move and keep you company during the day.

Remember: take a good picture of your work and send it to me, because I would love to post it on my web site!
