

COSA TI SERVE:

- Small piece of cardboard
- Colored ribbon
- Print the following page
- Glue
- Scissors with rounded tips

CHRISTMAS TAGS

Christmas is coming so here are some gifts!
Here is my gift for you! Some tags you can use to wish a Merry Christmas to your friends and your family (to make them ask for the help of a grown-up).

Here's what you have to do:

1. Paste page 2 or page 3 (depending on the color you choose) on a small piece of cardboard (you can also use an empty cereal box, remember recycling is important!)
2. crop the edges and paste each front of the card to the corresponding back
3. ask for the help of an adult to pierce the cardboard on top in the designed space
4. put a colored ribbon through the hole and make a nice bow so you can hang your Christmas tag wherever you want!
5. write your greetings on the tag and do not forget to sign it!
